CANAAN PLANNING BOARD

Myrl H. Webster, Frank Lounsbury, William Cady, Burns H. Mooney, Norman Ellms, Richard D. Pusey.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Canaan in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Canaan on Tuesday, the 10th day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.

3. To see if the Town will authorize the Selectmen to borrow money in anticipation of tax revenues.

4. To see if the Town will authorize the Selectmen to convey by quitclaim deed all property acquired by tax deed or take any action thereto.

5. To see if the Town will vote to employ the services of the State of New Hampshire Tax Commission to reassess all buildings and improved lands to obtain more equalized assessments within the Town or take any action thereto.

6. To see if the Town will vote to raise and appropriate the sum of $1,000 to be used by the Upper Valley Development Council for the promotion of this community and other communities within the area provided, however, that this appropriation shall not be paid over by the Selectmen to such

organization unless at least 80% of the total proposed budget for such organization shall be raised and appropriated by action of other towns within the organization.

7. To see if the Town will vote to authorize the Selectmen to continue the present policy of joint financial cooperation with the State of New Hampshire in the construction of bridges, and to hire necessary funds to provide the Town's share in any construction work authorized and undertaken in the year ensuing.

8. Shall the Town of Canaan continue to maintain its existing Municipal Court so long as its present Judge remains in office?

9. To choose Delegates to the Constitutional Convention.

10. Shall sweepstakes tickets be sold in this Town?

11. To see if the Town will vote to raise and appropriate the sum of $200.00 to assist The Lebanon Regional Airport in balancing their budget for the ensuing year.

12. To see if the Town will adopt the following By-law: Under the authority given to Towns under R. S. A. 31:39 and 466.39, the following By-law is adopted and enacted:
If any domestic animal interferes with pedestrian or vehicular traffic, or menaces pedestrians, or puts children in fear, on any property in the Town of Canaan not that of the owner of such animal, the owner shall be warned by certified personally receipted letter by the Chief of Police or Dog Constable. Each offense after the warning shall be punished by a fine of not more than ten dollars.

13. To hear the reports of agents, auditors, committees, or any other officers heretofore chosen and pass any vote relating thereto, and to transact any other business that may legally come before this meeting.

Given under our hands and seal, this 22nd day of February, in the year of our Lord nineteen hundred and sixty-four.

Respectfully submitted,
MARGARET EGGLESTON, Treas.
ZEPHERYN G. CLARK

During the year the Library received many helpful gifts. $1,000.00 was received, and turned over to the Trustees of Trust Funds, from the late Preston Miller.

Friends and interested parties collected money to purchase the latest editon of the Encyclopedia Britannica.

A table was donated to house these new volumes.

$50.00 was received from the Ladies Social Circle, to be used in the Chandler Room.

We wish to express our appreciation for these things. For the work on the Federal Project which is in full swing we also are deeply appreciative.

MARGARET EGGLESTON, Treas.
ZEPHERYN G. CLARK

Cash paid by Trustees of Trust Fund 1-10-63	128.41
Unused Balance from Dec. 31, 1962	44.50
Net Allotment	972.91
Service Rendered	835.06
Unused Balance, December 31, 1963	137.85

REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinquishing of personal rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience——a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or damp days. Check your fire and if winds develop extinguish it promptly.

2. Carry your rubbish to the public dump—its safer. A neglected backyard incinerator causes many fires.

3. Never discard lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings.

4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Lets all join with "Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.

1963 FIRE RECORD

UPPER VALLEY DEVELOPMENT COUNCIL, INC.

Paul H. Guilderson, Executive Director

July 1, 1963 - Dec. 31, 1963

PROGRESS REPORT

COMMUNITY	DIRECTORS	ALTERNATE DIRECTORS
Canaan	Norman H. Ellms, Treas.	Sidney R. Lary, Jr.
Enfield	Roger J. Cattabriga	Phillips C. Salman
Hanover	James Campion, Sr.	Eldon J. Murray
Lebanon	Robert C. Elliott, Pres.	Wilbur C. Hennings
Hartford	David T. Hall, V. P.	Albert J. Young
Norwich	Allan M. Herrick	Calvin E. Knight
Woodstock	F. Allen McGee, Sec.	Joseph Nalibow

PREPARATION FOR ACTION

In March 1963, the member communities set the stage for the U.V.D.C., Inc., by appropriating operating funds on a pro-rated basis from general tax revenue (each community's share is approximately 75 cents per capita). The Steering Committee then set out to secure passage of necessary state enabling legislation and the approval of the New Hampshire and Vermont Legislatures. This was accomplished with the active assistance of local representatives of both states. A charter was subsequently granted establishing the U.V.D.C., Inc. as a non-profit promotional and development agency.

The Council swung into action on July 1, 1963 when the member communities appointed a Board of Directors composed of one director from each community plus an alternate who may serve in the absence of the regular director.

Applicants were then interviewed and the Executive Director was hired and assumed his responsibilities on September 3, 1963. A central office was established in Lebanon to effectively provide communication between the member communities and for the establishment of an overall program to assist existing industry as well as to formulate plans for continuous growth and development.

SIGNIFICANCE

The U.V.D.C., Inc. is the first organization of its type that encompasses communities from two states and as a result has attracted national attenion and recognition. This national precedent has caused other states to explore this method of operation. The U.V. D.C., Inc. is a cooperative effort in terms of information, research, promotion and prospecting. Its program, complemented by individual action of the member communities, will be the keynote of economical development.

PROGRAM

Historically, industrial development has taken the form of communities offering themselves to prospects. More often than not, local groups have given little more than lip service to assist in the expansion of existing businesses. There are approximately 14,000 development agencies (a new dimension in government) competing for new business investment. In essence, our program is a double-edged sword;

1. The establishment of a business climate that would be attractive to new investment.
2. Assist existing industry and commerce to expand

A marketing concept of product development is required which will define the assets and advantages that the U.V.D.C., Inc. area has to offer. It should continuously develop the product so that it will more closely approximate what the prospect needs and wants. This to be accomplished by a planned program of preparation, research, advertising and promotion, solicitation and negotiation. Organization and preparation would characterize the activities of the Council in these first few months of operation. The solicitation phase has, therefore, been nominal. However. it has resulted in several bona fide prospects with whom we are conducting negotiations.

I PREPARATION

A. Economic Base Study — In order to initiate an effective program, it has been necesary to:
Trace the significant trends and changes in the local economy.
Determine what factors caused these changes and what present and future forces will be a factor in future growth and transition.
Evaluate the natural advantages and the human and physical assets that the area has to offer
Make the above information readily available to industry and the U.V.D.C., Inc. communities.
This base study has been prepared and is in the final stages of completion. It will be published as a detailed document outlining the facilities and conditions supporting economic development.

B. Inventory of Land and Buildings
Prior to an all-out solicitation program it is necessary to document available vacant land that has development potential and to make an inventory of existing space for sale or lease. Many such properties have been inspected and compiled data is on file in the U.V.D.C., Inc. offiice. Our searching for sites and building is a continuous one, and we

The newly created Transportation Committee will continuously evaluate adequacy of rail, highway and air service and make recommendations for improvement.

RAW MATERIALS

Although the area is not rich in raw material resources, it is in a strategic position in relation to wood, pulp and paper. Council investigating opportunities for more effective utilization of hardwoods and assisting in the furtherance of a Hardwood study to be conducted under the Area Redevelopment Act.

II RESEARCH

A. Base Study
B. Analysis of total wages and employment
C. Input-Output study, planned for 1964

III ADVERTISING AND PROMOTION

A. News Releases — Over 700 distributed regionally, nationally and in Canada. As a result. lead articles and editorials were carried in major newspapers and trade publications.
B. Promotional Piece — reproduction of two editorials and lead stories.
C. Industrial Fact Sheets — Highlighting U.V.D.C., Inc. assets with transportation map and statistical data.
D. Area Brochure — Will include area map and information, and separate sheets on each member community.

IV SOLICITATION & NEGOTIATION

A. Industrial Fact Sheet will be used in direct mail solicitations of selected types of manufacturing and organization. This will be accomplished in February through April to encourage and promote prospects to inspect the area after the snow clears.
B. The U.V.D.C., Inc. has established a cooperative effort with Federal Agencies and the State Development Departments of Vermont and New Hampshire to insure referral to prospects who may have a possible interest in the area.
C. Discussions in progress with different business organizations interested in locating in area locations.

OTHER RELATED ACTIVITIES:

Recommended and supported the establishment of specific vocational courses under Manpower Development and Training Act to assist area businesses and to create additional employment opportunities.

Recommendations for curriculum in Regional Vocational Technical Institutes.

urge property for sites and owners, real estate agents, Planning Boards, and others to recommend properties to us. Descriptive bulletins on these properties are being provided to both the Vermont and New Hampshire State Development Departments to be used by their agents.
A catalog of land and buildings will be prepared for use in direct solicitation.

C. INDUSTRIAL SITES

The development of prime sites is one of our major projects. Such sites should offer direct access to transportation facilities and be serviced by water, sewerage, and electric service. This is a prerequisite to any major development in the area.

The directors of the U.V.D.C., Inc., are currently studying various methods by which industrial sites may be developed and made available to prospects. One plan under consideration is the establishment of a sister corporation financed by local private capital that would purchase or option desirable land and arrange for its development

D. Key factors in Location of Business and Industry

LABOR — A labor survey has been conducted by the U.V. D.C., Inc. based on personal interviews with employers and reports from the Vermont and New Hampshire Departments of Employment Security. This study is to be incorporated in the "base study" and includes:

a) Characteristics of the labor force
b) Commuting habits
c) Range of skills
d) Wage rates
e) Fringe benefits
f) Availability

MARKETS — Industry and commerce locating in the U.V.D.C., Inc. area would be classified as "market oriented." Hence,our economic growth will be directly related to our ability to provide fast, low-cost distribution of goods, and efficient transportation of personnel. The Executive Director has met with the Vermont and New Hampshire State Highway Departments relative to inter-state construction and other highway improvements, and obtained maps to help locate potential sites. In addition, he has participated in meetings and discussions with the L.R.A., F.A.A. and State Aeronautics Commission on the continued development of a master plan for L.R.A. and for the improvement of related transportation facilities and services.

EXPENSES		
Conventions & Meetings	48.30
